

# What past clients have said

‘Laura approached projects with dedication and commitment, her involvement has been pivotal to the excellent design outcomes achieved as well as the strong relationships with the client.’

Abbie Galvin, BVN Principal  
Sydney workplace projects

‘I can (and do) enthusiastically recommend Laura to everyone who will listen!

Laura completed a joinery project for us in 2018 and was an absolute joy to work with. Laura is kind, calm, organized and extremely stylish. She is a clear communicator and is willing to take a risk to be honest if she thinks something wont work.

We are so thrilled with the result. Laura’s attention to detail allowed us to feel really comfortable throughout the project. We thoroughly recommend her for any project big or small.’

Willoughby residence
